

MEMO:

OPEN MEETS: There still appears to be some confusion surrounding the entering of Open Meets in relation to which squad you are in? Below is an extract from our HIP (Hart Information pack).

These are only guidelines, there will be exceptions, however in general the guide below should make it clear.

Where do you find all the information out on an Open meet?

The Club's website is kept up to date, you will find all the necessary paperwork plus an entry form on the **OPEN MEET** page (go to the top navigation bar, and highlight 'Open Meets' on the drop down menu leading off the Notice board button. We will **not** send out all the paperwork applicable to an Open Meet, this isn't practical and would require a huge amount of work on the part of an individual. If you have any questions then please contact Karen in the first instance. Always pay particular attention to the Qualifying times for Open Meets as these vary considerably. 2 meets of the same level may have different qualifying standards so please don't assume a Meet is not suitable for you without first checking your PB's.

HART SC – ATTENDANCE AT OPEN MEETS Not sure what you should be entering?

SQUAD	LEVEL	Recommended Events/Distances
